To: Holders of Amusement Game Centre Licence

Fire Safety in Amusement Game Centre

I am writing to seek your cooperation to protect your premises against the perils of fire, especially during dry season, by following few simple basic rules below:-

- (i) reduce the source of ignition by ensuring that the electrical installations are not overloaded and effective anti-smoking measures are adopted in the premises;
- (ii) reduce the quantity of combustibles in the premises by clearing the rubbish frequently, for example, several times a day. In this connection, I would like to point out that rigid foam packaging materials, when set on fire, will burn severely and produce large volume of toxic smoke;
- (iii) avoid overcrowding;
- (iv) make sure the fire service installations and equipment in your premises are kept free from obstruction and in efficient working order. Your staff should be well conversant with their operation; and
- (v) do not obstruct passage or lock any exits.

I look forward to receiving your cooperation. Should you have any enquiries on the above, please contact our Licensing Officer at 2116 5142 or 2116 5150.

Yours faithfully,

(Signed)

(Moses W C LAU)
for Chief Officer (Licensing Authority),
